## TEDDY CAN'T KEEP OUT OF POLITICAL GAME

### Will Begin Progressive Campaign On His Return from Wedding of Son

OYSTER BAY, May 21.—(Associated Press by Federal Wireless)—Col. Theodore Roosevelt, much improved in health since his recent return from South America, had a long conference with George Perkins and Gifford Pinchot yesterday afternoon and last night. None of those in attendance would give out a statement.

Colonel Roosevelt announced that he will sail May 30 for Spain to attend the wedding of his son.

He will return about July 1 and will begin his campaign for the Progressive party in July. It is his intention, he said, to make a trip from the Atlantic to the Pacific, speaking at every important city in the United States. He will begin his tour early in September.

## JACOB RIIS, SOCIOLOGIST, NEAR TO DEATH

BARRE, Mass., May 21.—(Associated Press by Federal Wireless)—Jacob Riis, sociologist and philanthropist, whom Theodore Roosevelt once declared was the "most useful citizen in all New York," is critically ill, having been stricken with heart disease. His recovery is considered doubtful.

Mr. Riis, who is one of former President Roosevelt's most intimate friends, came to New York 44 years ago as an almost penniless immigrant, and as such gained at first hand a knowledge of the slums which influenced him to consecrate his life to a warfare against the repellent conditions he observed.

## LIEUT. BECKER SCORES POINT IN REHEARING

NEW YORK, May 21.—(Associated Press by Federal Wireless)—Lieutenant Becker, on trial for the second time for complicity in the murder of Herman Rosenthal, scored a victory yesterday when the court ruled that the confession of "Dago" Frank, one of the gunmen who was recently executed at Sing Sing, was declared inadmissible. This confession strongly implicates Lieutenant Becker in the killing of Rosenthal.

A strong effort was made by the defense to prevent its admission and the ruling yesterday was made at the conclusion of a lengthy argument by attorneys for both Becker and the state.

## BOY SCOUTS

All troops of this area, alert! The Scout game called "Two Sentinels," will be played next Saturday, May 23, in Upper Nuuanu, beginning at 2 p. m. and ending at 4 p. m.

General idea—Caranza and his Red army, marked by a skein of red worsted, have posted a sentinel at Laina Road. There he paces back and forth. From time to time he shows a placard with strange figures, black on a white ground, changing the picture frequently until the total of ten. Huerta's Blue army also posts a sentinel and he likewise shows at intervals a series of cabalistic signs.

Reds and Blues now take the field to see and read the other fellow's signs. Then two opponents meet, the first to get his opponent snappet is "out of action," and must come to the umpire's flag at the end of the car line. He loses any records he may have in his possession. Whichever army brings in the most signs in correct order will win.

This game is real scouting and calls for all the science and skill of a red Indian. Wear old clothes and be on time. Scoutmasters must accompany their troops. No unattached Scouts.

After the game, Dudley Pratt, 1 Honolulu, No. 1, will be sworn in as a First Class Scout.

J. A. WILDER,  
Scout Commissioner.

## SMOOT CLAIMS TARIFF LAW HAS CAUSED BIG LOSS

WASHINGTON, May 21.—(Associated Press by Federal Wireless)—United States Senator Smoot in a speech in the senate yesterday pointed out the damage the country already has suffered under the Underwood tariff bill.

As a result of its enactment, he said during the month of April the country suffered a loss in revenue of \$63,000,000. At this rate, the Utah senator pointed out, the United States is losing \$766,000,000 per year.

## MANY LIVES ARE SAVED BY U. S. CONNECTICUT

DALVESTON, May 21.—(Associated Press by Federal Wireless)—The lives of 98 passengers were imperiled for hours yesterday as the result of the grounding of the Norwegian steamer Atlantis 100 miles north of Tampico. The passengers were finally rescued by the United States battleship Connecticut, which responded to distress calls sent out by Captain Hansen of the Atlantis.

Whether the steamer can be saved from its dangerous position will not be known until investigation is made by experts.

## HUERTA DENIES ANY INTENTION OF QUITTING

### Mexican Dictator Says Peace Commissioners Have No Such Instructions

CITY OF MEXICO, May 21.—(Associated Press by Federal Wireless)—Dictator Huerta has no present intention of resigning as president of Mexico. This was evidenced last night in Huerta's issuance of a statement denying in toto the published report that he had instructed the mediator to tender his resignation in the event that this is the only course open to a solution of the present troubles in Mexico.

"The Mexican peace delegates have no instructions to tender my resignation under any circumstances," said Huerta.

## HIS HONOR DOIN' POLITICS, AFTER NEW PARTY'S VOTES

Before Mayor J. J. Fern started out for Waikane with the supervisors this morning, he announced that he had just finished two hours of "house to house" politics, and he somehow or other felt pleased with the result. At six o'clock in the morning Mayor Fern begins doin' politics; by about 10 o'clock he shows up at the office. At four o'clock in the afternoon he starts out again, and the hour he quits is very uncertain.

He says that is the only way to do politics—the "house to house" method. And it looks like now, from the early start he is getting, that he will do more of it this campaign than ever before. That the Citizens party is worrying him is no longer in doubt. He is after the votes, but it is not an easy matter for him to decide how he will get them.

There is one scheme that appeals to him already. In this Citizens party are many disgruntled Democrats. A few of them worked at one time for the road department as lunas, and were let out when the "economy and efficiency" was broke. A blow would be struck at the Citizens party if these men were put back until after election, His Honor figures. And so they have been put back, according to reports in the municipal building, or are about to be put back.

Leaders of the Citizens party are very positive that His Honor will not be able to run away with them. They say they will have their own set of candidates and will have a place on the ballot. It is reported around town today that James L. Goke will be their choice for delegates to congress, and that the man they are going to put up to run against Mayor Fern is also decided upon.

## INSIDE INFORMATION ON NEW HAVEN RAILROAD

WASHINGTON, May 21.—(Associated Press by Federal Wireless)—Former President Mellen of the New York & New Haven railroad threw an interesting aspect into the affairs of the railroad yesterday before the investigating committee when he told of how the New York & New Haven had loaned the Boston Herald the sum of \$100,000.

He further added that the Boston Republic, owned by Major Fitzgerald of Boston, was given liberal advertising patronage by the New York & New Haven.

Mellen further declared that former United States Senator Nelson B. Aldrich was primarily responsible for the sale of the Rhode Island trolley system to the New York & New Haven for the sum of \$18,000,000. He referred to John Pierpont Morgan as the "master mind" of the New York & New Haven system.

## ARMY OFFICER IS SUPPOSED SUICIDE

BROWNSVILLE, Tex., May 21.—(Associated Press by Federal Wireless)—Captain Richard Winslow, in command of the 82d Company, Coast Artillery, is dead here today, the result of a pistol shot wound, presumably self-inflicted. The surgeon who attended Captain Winslow says that the officer was mentally deranged.

## NO SETTLEMENT YET IN COLORADO STRIKE

LUDLOW, Colo., May 21.—(Associated Press by Federal Wireless)—The strike situation seems far from settlement here. The tent colony, which was dispersed at the outbreak of recent hostilities in which members of the national guard were fired upon, was reestablished yesterday.

## BIG FORCE ENGAGED AT PAREDON BATTLE

PAREDON, Mex., May 21.—(Associated Press by Federal Wireless)—Forty-five were killed and 110 were wounded in a battle between the Federal and rebel forces here today. The fighting lasted for 45 minutes; 9500 were engaged in the battle. There are no details as to which side had the advantage.

## TO PUT ON FLESH AND INCREASE WEIGHT

A Physician's Advice.

Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all bosh to say that this is the nature of the individual. It isn't Nature's way at all.

Thin folks stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single "stay there" pound. All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare their blood to absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh building elements known to chemistry. It is absolutely harmless, yet wonderfully effective and a single tablet eaten with each meal often has the effect of increasing the weight of a thin man or woman from three to five pounds a week.

## CANADIAN EXHIBIT IS FIRST TO ARRIVE

SAN FRANCISCO, May 21.—(Associated Press by Federal Wireless)—An extensive exhibit showing the resources of one of the principal sections of Canada, for display at the Panama-Pacific Exposition to be held at San Francisco in 1915, was received here yesterday. This is the first foreign exhibit to be received by the Panama-Pacific Exposition.

## COAHUILA DISTRICT IS SWEEPED BY TORNADO

MUZQUIZ, Coahuila, Mex., May 21.—(Associated Press by Federal Wireless)—A terrific tornado swept this place yesterday, resulting in the loss of 19 lives. Hundreds of head of horses and cattle also were killed. The tornado was accompanied by a terrific hailstorm, a number of persons killed having had their lives by being struck with hailstones.

## "QUEEN OF DIAMONDS" AND CONSORT IN JAIL

PARIS.—Police have arrested on an extradition warrant from the United States government, Joseph Brecher-Killingler and Antoinette Plack Bonner, who are alleged to have stolen in New York jewelry valued at \$85,000. A quantity of valuable diamonds and pearls were found on the prisoners.

NEW YORK.—A wide search had been kept up since the middle of November last year for Antoinette Bonner and Joseph Brecher-Killingler, formerly jewel broker in Maiden Lane in this city, who were indicted November 14, after their disappearance, charged with stealing nearly \$250,000 worth of precious stones.

Miss Bonner was known on Maiden Lane as the "Queen of Diamonds," for her ability as a saleswoman, for she was reputed to have sold \$1,000,000 worth of jewels in two years.

## MARS WATER VAPOR THEORY IS CONFIRMED

[By Latest Mail]

BOSTON.—The theory of the existence of water vapor on the planet Mars was confirmed by spectrograms taken at Lowell Observatory, Flagstaff, Ariz., according to an announcement given out by Dr. Percival Lowell from his office here. The statement says that while the amount of water is difficult to determine, the estimates place it at about one-third that of the atmosphere of the earth.

## SALTILLO HAS RESPIRE.

ESTANCON, Mex., May 21.—(Associated Press by Federal Wireless)—General Villa, commanding the Constitutional forces, announced yesterday that he does not plan an advance upon Saltillo until the railroad leading to that strongly defended city is repaired.
